

SINGLE PORT

90 WATT POE INJECTOR MIDSPAN

802.3BT COMPLIANT SOLUTION

Introducing PoEWit's single port IEEE 802.3bt-compliant PoE solution. The PI-09 deliver power of up to 90W while enabling seamless integration with any pre-IEEE 802.3bt device, and are fully backward compatible with the IEEE 802.3af and IEEE 802.3at standards.

- ALL-IN-ONE COMPACT SIZE AND WALL-MOUNTABLE DESIGN
- 2 RJ45 INTERFACES: 1-PORT DATA + POWER OUTPUT, 1-PORT DATA INPUT
- LED INDICATORS FOR POWER LED, POE-OUT IN ALT-A LED AND POE-OUT IN ALT-B LED
- INTERNAL AC/DC CONVERTER-NO NEED FOR EXTERNAL POWER BRICK

Specifications:

- Full IEEE802.3af/at/bt compliant PoE mid-span PSE. In addition, fully compatible with all PoEWit PoE PD Devices.
- Supports PoE power up to 90 watts for PoE port. Power over Ethernet output power of 56V@1.5A .
- Overload and short circuit protection. Automatically detects and protects PoE equipment from being damaged by incorrect installation
- Delivers power up to 100 meter
